In this page, user is required to filled in the text fields and must follow the guide, or the constraint, from the placeholder.

Detail Hoodie

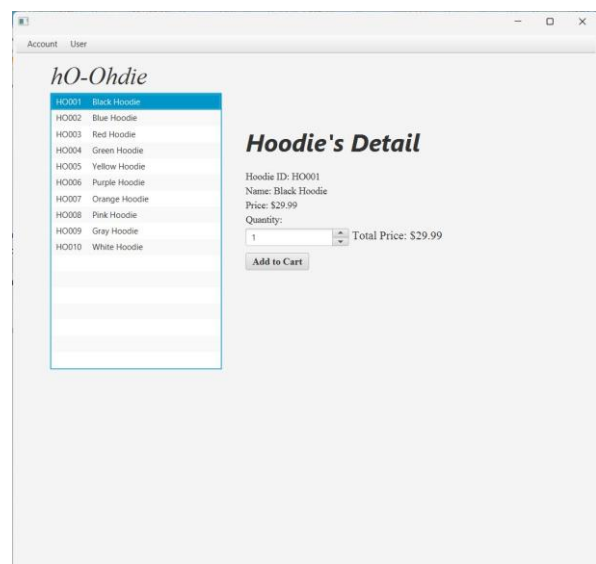

The screenshot shows a web browser window titled "hO-Ohdie". The page has a light gray background. On the left, there is a list of hoodies with their IDs and names. On the right, there is a section titled "Hoodie's Detail" with a placeholder "Select an item from the list.".

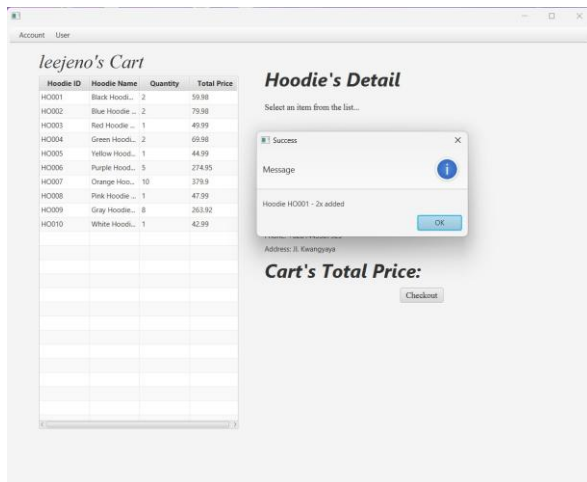

Detail Hoodie page [1]

To navigate to this page, user can click on the 'User' menu bar on top of the tab.

The user will be able to see the list of the hoodie available, which is retrieved from the database, in the list form.

The screenshot shows a web browser window titled "hO-Ohdie". The page has a light gray background. On the left, there is a list of hoodies with their IDs and names. On the right, there is a section titled "Hoodie's Detail" with a form for selecting a hoodie. The form includes fields for "Hoodie ID:", "Name:", "Price:", "Quantity:", and "Total Price:". There is also an "Add to Cart" button.

Detail Hoodie page [2]

The user may choose whichever hoodie they'd like to add to the cart.

Once chosen, the detailed information of the hoodie shows, including the quantity of the hoodie that the user would like to add to the cart.

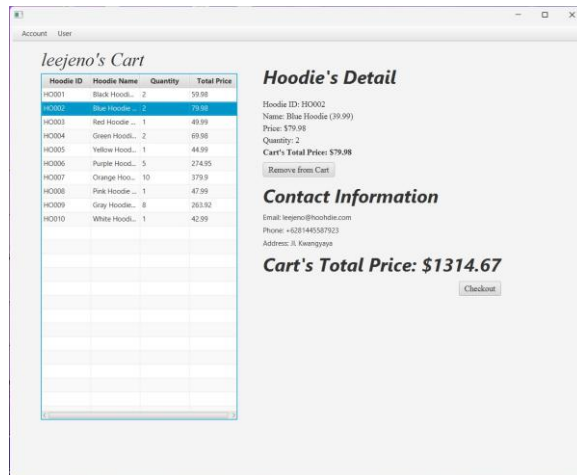

- The total price increases as the quantity increases.

Detail Hoodie page [3]

Once the hoodie is added,

The program will direct the user to the cart page automatically.

Cart

Cart page [1]

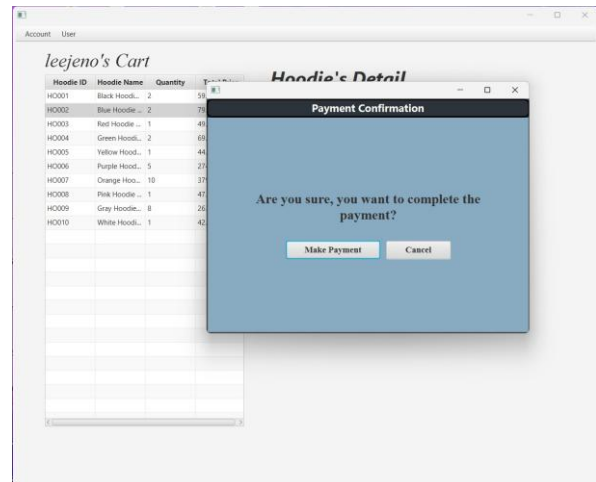

To navigate to this page, user can click on the 'User' menu bar on top of the tab.

The user will be able to see the list of the hoodie in the cart that has been added by the user in the table view form.

Cart page [2]

If the user choose and click one of the hoodies, the detailed information appear.

The information provided includes the quantity of hoodies, the subtotal for each hoodie, and the total cost based on the quantity added.

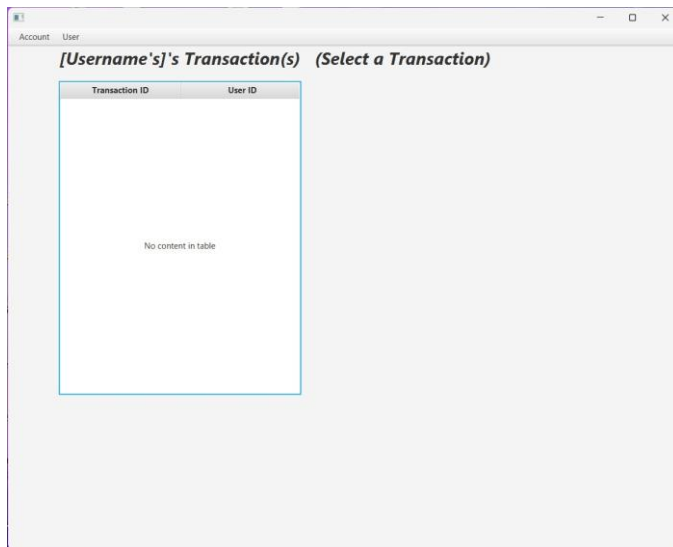

Cart page [3]

Then, the user will need to click on the 'Checkout' button to proceed with the payment.

A pop up notification will appear to ask for the confirmation of the user.

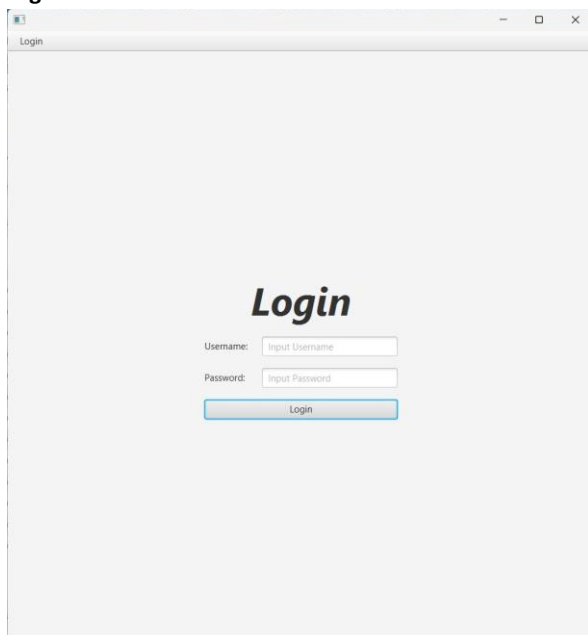

- If the user clicked on the 'Make Payment' button, then the user will successfully buy the selected hoodies.
- If the user clicked on the 'Cancel' button, then the payment will not be processed.
